

Inspiring Confident Learners Through Wellbeing and Positive Education

BURY ST EDMUNDS
Suffolk

NURSERY TO YEAR 11
2023-2024

Mission

Students are supported in a caring environment and given opportunities to learn about themselves and to take action in areas in which they are passionate. Our students and teachers come from diverse backgrounds and we connect globally with our other campuses to learn about the world, from the world. We inspire and teach students about global issues by connecting ideas and stories locally. We strive to use our environment as a tool and a canvas for learning and action.

Vision and Values

A world of self-confident lifelong learners connected and inspired to help others.

Through leadership challenges and opportunities, we help students discover their passion, develop their character, and understand their connection to others and society. We espouse creativity, build character and develop connections to deliver exceptional educational learning experiences.

Brookes United Kingdom (UK) is a warm and welcoming independent day and boarding school offering the GCSE and IGCSE curriculum in an international school setting.

Brookes UK provides an inclusive family environment intertwined with a child-centred approach to teaching and learning. At Brookes, our goal is for students to be happy in school and to thrive in our care. As part of our family, each child is recognised as an individual and we personalize their education to meet their needs. Throughout their educational journey, our children develop not only academically but also as global citizens, nurturing a sense of world vision and becoming a member of society who truly stands out from the crowd.

“A haven that transforms children overnight. Amazing leadership with a focus on developing the whole child. Low student to teacher ratios gives the ability to get the best out of each child. Education group provides global opportunities in a small local school environment, where individuality is celebrated.”

- R. Sheppard, Brookes UK Parent

“I had the opportunity to be an international student at Brookes UK. I am from Mexico and everyone would imagine that it would be hard to adapt to study in a place far away from home, however students and teachers at Brookes made it very easy. They were always friendly and they made me feel at home from the first moment. I'm really grateful to have them. The Brookes family is full of respect, companionship and happiness, it is an experience I would love to repeat.”
